## OBJECTIVES:

Highly adaptable and detail-oriented Information Systems graduate seeking an entry-level role to leverage a unique blend of technical expertise and administrative proficiency. Backed by hands-on experience at the Caraga State University Records Management Office, I possess a strong foundation in secure file management, data privacy, and handling confidential information. Proficient in Microsoft Office, web and system development, and graphic design, I am eager to apply my strong communication skills and technical adaptability to streamline daily operations and make an immediate impact on your team.

---

## EDUCATION:

**Bachelor of Science in Information System** 2022 - 2026

- Caraga State University – Main Campus
- Thesis - "EcoBarangay: A Community-Based E-Waste Collection and Monitoring System".

**Senior High School, ABM** 2021 - 2022

- Del Monte Senior High School - With Honor

**Junior High School** 2016 - 2020

- Del Monte National High School - With Honor

---

## ACADEMIC PROJECTS/ EXPERIENCE:

- Completed basic academic projects related to information systems.
- Gained experience through course-related academic projects.
- Worked on simple academic projects as part of the BSIS program.
- Participated in academic projects involving basic course concepts.
- Completed coursework projects related to information systems.

---

## ADDITIONAL INFORMATION:

- I work well with different types of people and communicate clearly to keep things moving.
- I excel at managing my time, handling multiple tasks, and keeping details accurate under pressure.
- I learn new digital tools and modern software platforms quickly with minimal guidance.
- I am open to working varied shifts and adjusting my schedule to meet team needs.

---
